We are delighted to have two highly eminent figures from our industry as guest speakers. **George Adams**, Chair of the CIC Green Construction Panel, CIBSE Past President and UK Engineering Director at SPIE, will discuss the **Green Agenda**. First hand guidance on the important **Construction (Design and Management) Regulations 2015** will be provided by **Philip White**, Head of the Operational Strategy Division and Chief Inspector of the Construction Division at the Health and Safety Executive ahead of their April launch.

In addition, the Olswang Construction Group will discuss a range of vital topics, including:

- **Performance security and insurances** including changes in the market over the past year.
- **Liquidated damages** including their role in compensating for late completion or sub-standard performance and the latest case law on penalty clauses.
- **Roundup of the key construction cases and other matters** you need to know over the past year, including the new RIBA building contracts.
